COMPOSTER BOKASHI ORGANKO 2

Bokashi is a mixture of molasses (sugar and water) and natural beneficial microorganisms (lactic acid bacteria, yeast fungus, photosynthetic organisms, actinomycetes and enzyme active fungus) that initiates fermentation process and prevents decay in the Bokashi Organko 2 composter. Bokashi Organko 2 gives each organic waste a new purpose. During fermentation, you get the first-class compost base and bokashi liquid. The volume of organic waste is reduced by 25%. Bokashi Organko 2 is made from recycled plastics (recycled polypropylene). Set composition : lid, presser, internal container, external container, carrying handle, tap, dosage container. Biogene included. **Made in Europe. Capacity: 9.6 L.**

NEW

COMPOSTER BOKASHI ORGANKO 2 OCEAN

Bokashi Organko 2 Ocean A revolutionary kitchen composter made from hand-picked and recycled fishing nets. The Bokashi Organko 2 Ocean composter is a sustainable solution for a zero-waste lifestyle and urban ecological gardening while solving the organic waste issue. With this kitchen composter, you can easily produce first-class base for compost, fertilizer for your urban garden and a natural detergent for drains. Also, you can reduce the volume of organic waste by 25%. Valuable microorganisms contained in the bokashi bran trigger fermentation, thus preventing food from rotting. Bokashi Organko 2 is the star of next-generation products for responsible environmental management. It is made out of recycled, environmentally friendly and safe materials. Its state-of-the-art design makes it possible for you to place it in the centre of every kitchen. Set composition : lid, presser, internal container, external container, carrying handle, tap, dosage container. Biogene included. **Made from recycled recycled fishing nets. Made in Europe. Capacity: 9.6 L.**

UKAL.com

The Fertigalli brand was born in the heart of the Doubs department. By transforming the droppings from its hens into granules, the Kolly henhouse, a family-run free-range laying hen farm, is creating a new 100% natural, dry, clean and practical organic fertiliser, enabling consumers to do something to protect the planet while reviving an age-old practice.

NEW

CHICKEN MANURE FERTILIZER

Made from chicken manure, Fertigalli is a traditional fertilizer that is 100% natural, effective and easy to use. Fertigalli is an excellent fertilizer, providing a complete supply of nutrients to the soil. It decomposes slowly and is gradually assimilated by the plants. Rich in trace elements, chicken manure enriches the soil with organic matter and stimulates micro-organisms. The pellets can be used in organic farming and do not contain any chemical substances. They are safe for humans, plants and animals.

Composition :

86% dry matter; 2.22% P2O2 (Phosphorus); 0.916% MgO (Magnesium); 3.5% N (Nitrogen) of which 3.46% organic nitrogen; 2.52% K2O (Potassium); 8.5% C/N; 6.62% CaO (Calcium). Organic fertilizer according to NFU 42-001 - Can be used in organic agriculture according to EU regulation 2018/848.

How to use :

A few handfuls of pellets mixed into the soil and it's done! 50 to 100 g for pot crops (7 to 15 m²/kg) and 0.5 T to 3 T/ha for field crops. These doses are given as an indication and may vary according to the nature of the soil. Store under cover.

FARMING IN THE HEART OF NATURE

With respect for animal welfare, the hens are reared in the open air and fed on local cereals.

Made from 100% hen droppings, Fertigalli fertiliser is natural and can be used in organic farming.

It enriches the soil with organic matter and stimulates micro-organisms.

Environmentally friendly, it contains no chemicals.

Since 1946, Portland Garden has been number 1 in the UK garden market. The company expanded internationally after obtaining ferric phosphate approvals, notably for France. Today, UKAL is the exclusive distributor for the French market, with a wide range of products for home and garden maintenance.

PEST CONTROL

- 12 Klaktrap
- 15 Swisshinno
- 20 Traps for licensed trappers
- 22 Boxtrap

UKAL's own brand since 2010, KLAKTRAP stands out for its wide selection of metal traps for animals and in particular traps for mice and rats. Efficient and easy to use.

Mice

ROUND WOODEN MOUSE TRAP 12 CM

Ideal cage trap to catch mice with bait. Very easy to use, simply open the hatch and place the bait on the bait holder and place the trap in an area where mice are present. The mouse is attracted to the bait and enters the trap cage, which closes behind it. The mouse is trapped alive, and you can release it elsewhere. The trap's wooden base ensures optimum rigidity and reassures the animal!

Sku. 129800001
 3 338020 080267
 L 12 x W 5,5 x H 6 cm

MOUSE TRAP 23 CM

This mouse trap is easy to use. Simply place some bait in the back of the cage, which is accessible through a door. You can then place your trap in the desired location and wait for the mice to fall into the trap. This 23 cm trap is large enough to capture one or more live mice at the same time. No poison is involved, so it is safe for children and pets and can be used anywhere in the house, garage, attic or any other location. The bars of the trap are made of galvanized steel, to ensure a long service life.

Sku. 129800

Rats

RAT TRAP WITH WOODEN BASE 28 CM

Ideal cage rat trap for use with bait. Very easy to use. Simply open the hatch of the trap, place some bait inside and place the trap in an area where rats are present. The rat, lured by the bait, enters the cage and it closes behind it. It will be trapped alive. You can then release it elsewhere. The trap's wooden base ensures optimum rigidity and reassures the animal! Also works with mice.

Sku. 129806001

28 cm

RECTANGULAR RAT TRAP 41CM

This trap is ideal for capturing multiple rats. Easy to use, simply place a bait in the bottom of the net, accessible through a door. You can then place your trap in the desired location and wait for the rats to get caught. The wires of the trap are made of galvanised steel.

Sku. 129806003

41 cm

RAT TRAP 40 CM

This cage rat trap is ideal for capturing more than one rodent (rats and others) at a time. Easy to use. Simply place some bait in the back of the cage, which is accessible through a door. You can then place your trap in the desired location and wait for the mice to fall into the trap. This 40 cm trap is large enough to capture one or more live rats at the same time. No poison is involved, so it is safe for children and pets and can be used anywhere in the house, garage, attic or any other location. The bars of the trap are made of galvanised steel, to ensure a long service life.

Sku. 129806

Moles

WATCH A VIDEO PRESENTATION OF THE HAND MOLE TRAP

PUTANGE MOLE TRAP

The Putange mole trap has been used by professional mole trappers for decades. It is effective and kills the animal instantly. Choosing the Putange mole trap means choosing a durable, economical and ecological solution. 2 traps must be installed in each tunnel, one in each direction.

Sku. 129710010	Pack of 2			84
Sku. 129710012	1 pair of setting pliers			35
Sku. 129710013	Triggers in packs of 10			150

WATCH A VIDEO PRESENTATION OF THE HAND MOLE TRAP

HAND MOLE TRAP

This trap is set by hand and can be reused ad infinitum as long as you have a trigger to hold the trap open and ready. This trap is used without a setting device. When the mole pushes against the trigger (a small metal frame that holds the trap open and ready), it trips the spring and finds itself trapped between the two jaws. An effective trap, economical and very easy to use in your fight against moles.

Sku. 129710020	Sold singly			100
Sku. 129710013	Triggers in packs of 10			150

WATCH A VIDEO PRESENTATION OF THE SINGLE RIVET MOLE TRAP

SINGLE RIVET MOLE TRAP

The single rivet mole trap is very simple to use. It is set by hand. A very effective way to rid your garden of moles. Place a trap at each end of the tunnel. Insert the trigger between the jaws.

Sku. 129710030	Pack of 2			100
Sku. 129710031	Triggers in packs of 10			150

DOUBLE RIVET MOLE TRAP

Double rivet mole traps are a highly effective way to eradicate moles once and for all! Easy to use, high quality!

Sku. 129710040	Sold singly			
Sku. 129710041	Triggers in packs of 10			

WATCH A VIDEO PRESENTATION OF THE DOUBLE RIVET MOLE TRAP

TUNNEL TUBE MOLE TRAP

Allows the capture of a live mole thanks to an anti-return flap that closes behind the mole once it has entered inside the trap and prevents it from getting out. Simple to use. Simply place the tube mole trap in a tunnel used by animal, then close it again. The mole enters the tube and cannot get out again. You can then release it elsewhere.

Sku. 129710050	Sold singly			
-----------------------	-------------	--	--	--

BAVARIA-TYPE MOLE TRAP

The Bavaria-type mole trap is simple to use and very effective. Very easy to install - no tools required. Bavaria-type mole traps come in packs of 2 to maximize your chances of capture.

3 700393 963827

Traps for licensed trappers

SNARES

For foxes only. The very flexible wire and its irrefragable slide are indispensable to facilitate capture. This snare has a latest-generation anti-return feature which prevents the snare re-opening once it is closed. It also has an end stop. The very thick cross-section of its swivel ensures solidity after capture. The stop (crimped) on the wires is crushed steel and not aluminium (non-shiny at night). The snare has a tag to engrave the trapper's number. Ideal for capturing foxes.

BAITED FOOHOLD TRAP

Baited foothold trap, sometimes called a kill trap, 30 cm in diameter, ideal to capture foxes and beech martens quickly and easily. Simply place the bait of your choice in the trap, set it and wait for the pest to be caught. Sturdily made and painted by cathaphoresis to limit rusting and reduce the odour of human beings. This is an ideal trap to rid a roof space of beech martens or protect a chicken run from foxes or martens. It is easily set and you'd be surprised at how effective it is. Use this baited trap to capture pests like beech martens and foxes with ease! The mechanical parts are laser cut for greater stability and reliability.

Approval no. PHE 608.

Sku. 129700009	30 cm	3 338020 082483	8
-----------------------	-------	-----------------	---

EGG BAIT FOOHOLD TRAP FOR BEECH MARTENS

Category II trap. For capturing beech martens in particular. Designed to be set up indoors (hen house, barn, roof space) or outdoors, where it will be covered with straw or leaves to make it look like a nest. This type of trap is triggered when the animal removes the bait. It features a safety device, which it is preferable not to forget to use. The mechanical parts are laser cut for greater stability and reliability.

Approval no. PHE 609-610

Sku. 129700010	25 cm	3 338020 078288	8
Sku. 129700011	30 cm	3 338020 081714	8

BELISLE TRAP

The Belisle is commonly used to capture foxes. This trap allows the pest to be caught safely thanks to the lace that tightens when it places its paw in the trap. Safety device and setting wedge included in the trap.

Approval no. PHE 804.

Sku. 129700020	Sold singly		
Sku. 129700022	Spare wire		

FRENCH-STYLE LEGHOLD TRAP

Category IV trap: permit required. Traps must be checked within two hours of sunrise. The French-style leghold trap is a trap with a large trigger plate which improves the capture rate, and wide, hard-rubber lined jaws for a good grip of the leg. For use only by licensed trappers. Supplied with a lace. Trigger sensitivity adjusted by a Teflon screw and washer. The mechanical parts are laser cut for greater stability and reliability.

Approval no. PHE 819.

Sku. 129700025	Sold singly		
Sku. 129700022	Spare wire		

CONIBEAR TRAP

The conibear trap is compact and easy to transport. It has a powerful spring as well as a multi-position trigger. The sensitivity of the trap is adjusted by changing dog notches. Consists of a rigid, hand-riveted frame. You will be surprised by the quality of manufacturing of the device. Is used with bait placed on the trigger or in the cage, which directs the animal and increases the chance of capture. Its use is prohibited on regular animal paths. It is very effective in a small garden, in bales of straw or burrows. As it is not selective, it is prohibited in areas where multiple animals pass through.

Approval no. PHE G664.

Sku. 129701002	1 trap with 2 springs - 13 cm		
Sku. 129701003	1 trap - 18 cm		

SAFETY SYSTEM FOR CONIBEAR TRAPS

This safety system is specially designed to safely set conibear traps of all sizes. Don't risk injury any longer and set your traps in just seconds with this safe system. Can be used on all conibear traps.

Sku. 129701020	Setting tool for conibear traps - Sold singly		
Sku. 129701021	Simple setting key for conibear traps - Sold singly		

Gas cannon

VERBRUGGE GAS CANNON
BIRD SCARERE

Device with double gas injection and a housing protecting the mechanism. Protects an area of 1 to 4 hectares depending on the terrain and vegetation. Piezoelectric ignition system for about 200,000 detonations. Interval regulator to set detonations at intervals of from 30 seconds to 30 minutes as required. Propane fuel only. One bottle provides approximately 25,000 detonations. Can be fitted with a timer for more flexible use of the gas cannon.

Tips: Ideal for protecting field crops during sowing and before harvesting (maize, peas, sunflowers, cereals, vines, etc.). Scares away birds and protects your fruit crop.

Sku. 129703600 Quatz gas cannon 4 014803 700735

Birds and pigeons

MAGPIE AND CROW TRAP

Formidably effective and operational as soon as it is installed. Can be used in particular to capture decoy birds for magpie or crow cage traps. Simply bait according to the species you wish to catch with eggs, seeds, bread, fruit, etc. The bird is trapped when it comes to take the bait: it is not injured or killed and can be released if necessary. Do not use meat as bait.

Sku. 129703011 Small model 42 x 42 cm 3 338020 081813

Sku. 129703010 Large model on a post 75 x 80 cm 3 338020 081806

CROW CAGE TRAP WITH PERCH

Size suited to corvidae. The entry doors are oversized, making it particularly effective. Supplied with perch and central decoy bird compartment. 3 compartments.

Tips: It is the responsibility of the consumer to comply with applicable regional or national legislation relating to the use of these products and to trappable species.

Sku. 129703030 92 x 31 x 31 cm 3 338020 083824

OCTAGONAL MAGPIE CAGE TRAP

This very effective trap is used with a central decoy bird that attracts other birds of the same species. **4 entries around the periphery.** Hatches close with a tilting perch system. Allows the bird to fly around the trap to find the entrance. The octagonal shape guides the magpie towards the entrance which is most visible to the bird (prevents the bird flying round without entering the trap). Entirely powder coated. Welded wire mesh. Wire thickness 1,8 mm. Also suitable for crows.

Tips: Place your cages in an open space, avoiding trees. Look after your decoy bird (water + food) because it is essential for this trap to work. If you have no luck with your decoy bird, don't hesitate to replace it. In the Haut-Rhin region of France a Prefectoral order dated 27 June 2017 removed the Eurasian magpie from list of species classified as harmful (List II).

Sku. 129703002 30,5 x 100 x 88 cm 3 700393 971501

—
5-ENTRIES ROUND CAGE TRAP

Drop-down doors around the edge of the trap. **5 entries around the periphery**, with doors triggered by a tilting perch system. This cage will capture large numbers of birds, especially in spring, the period of reproduction and birth. Ø: 80 cm. Height: 32 cm.

Sku. 129703001 32 x 80 cm 

—
Traps

—
RABBITS TRAP

This trap can be useful if you need to catch rabbits in one place to release them in another. Even used alone, you will get good results because the tilting door requires no surveillance. Once inside, the animal cannot go back out as the door closes behind it. The rabbit is caught alive and unhurt. It can be released elsewhere. Length: 81 cm. Ø: 13 cm.

Tips: It is the responsibility of the consumer to comply with applicable regional or national legislation relating to the use of these products and to trappable species.

Sku. 129704001 Ø 13 x 81 cm 

—
WEASEL BOX

This trap does not necessarily need to be baited, as the animal will generally enter out of curiosity. This type of trap is harmless and effective. It can be placed anywhere (woodpile, barn, chicken coop, etc.). It is a very selective trap: it only lets in the smallest animals. The system is simple: when the animal enters the trap, the trigger plate tips forward, the anti-return system activates and prevents the trigger plate tipping back again, ensuring the animal is a prisoner in the cage.

Tips: Soak the box with a scented liquid bait. This will make the trap more attractive and increase the number of catches. The entrance of the box must not be raised off the ground, but level with it.

Sku. 129704003 49 x 6 x 8 cm 

—
2-ENTRIES CAGE TRAP WITH SLIDING DOORS

Category 1 trap. This 64, 103 or 130 cm long cage trap is ideal for capturing foxes (103 and 130 cm), beech martens, rats and any other mustelids. It has 2 doors and is ideally placed on a path frequented by the pest. The animal will walk through it and be captured when it steps on the ultra-sensitive trigger plate. Make sure you block up any other passages so that the animal is forced to walk through the trap. Scented bait is recommended. Includes a carrying handle. The cage trap can also be used with just one door open, by placing some bait at the far end of the cage. Very effective and totally harmless, it can be used anywhere (woodpile, barn, chicken coop).

Tips: It is the responsibility of the consumer to comply with applicable regional or national legislation relating to the use of these products and to trappable species.

Sku. 12970222020 64 x 21 x 21 cm 

Sku. 12970223530 103 x 31 x 31 cm 

Sku. 12970224535 130 x 36 x 47 cm 

**CAGE TRAP WITH SLIDING DOOR
RAT TRAP**

This compact, easily handled cage trap is ideal for capturing rats. Its 19 x 19 mm mesh is perfect to ensure the animal is not injured and cannot escape once captured. Sturdily made, it will resist any weather thanks to its green epoxy paint finish. It will also blend into any environment with no difficulty. Available in versions with 1 or 2 doors. Lightweight and easy to transport thanks to its integrated handle, you can take this trap anywhere. With it you can trap easily, quickly and for a long time to come!

Sku. 129701502020	1 door - 50 x 20 x 20 cm	
Sku. 129702502020	2 doors - 50 x 20 x 20 cm	

**SINGLE-ENTRY CAGE TRAP
WITH SLIDING DOOR**

62, 82 or 127 cm long cage trap, ideal for capturing rats and beech and pine martens. It has one entrance with a drop-down door. Robust, but lightweight, this trap is easy to transport with its integrated carrying handle. The trigger plate at the end of the trap is ultra-sensitive, which ensures that the animal cannot get out again once the door has dropped. The 127 cm cage has a compartment for live bait. Irresistible to predators. This cage trap features a fast-closing sliding door, for safe and easy manipulation of the trap. Very effective and totally harmless, it can be used anywhere (woodpile, barn, chicken coop).

Sku. 1297021254535	With live bait compartment 127 x 36 x 47 cm	
Sku. 12970213030	82 x 32 x 31 cm	
Sku. 1297021602020	62 x 21 x 21 cm	

**2-ENTRIES CAGE TRAP
WITH INVISIBLE DOORS**

Cage trap with a revolutionary setting system designed in the USA that makes the doors virtually invisible to the animal, thereby increasing the chances of catching the fox, marten or any other animal of a similar size. This trap has 2 doors and is ideally placed on a path known to be used by the pest. Simple to use, this cage trap can be set in seconds. It is easily transported thanks to its carrying handle. It is robust and of superior quality. The wild animal cage trap's steel doors are coated with green epoxy paint.

Sku. 12970222523	102 x 30 x 21 cm	
Sku. 12970223030	127 x 26 x 26 cm	

1-ENTRY COYPU CAGE TRAP

Category 1 coypu trap, size 82 x 31 x 31 cm. The unique bait rack ensures the bait is highly visible, so that the trap is even more effective. The epoxy-painted door is invisible to the animal when open. The Ø 2,6 mm wire mesh prevents the trap rusting whilst allowing it to blend in with its surroundings. Even if placed at the water's edge, it will keep its appearance and effectiveness for many years.

Flies & Mosquitoes

NATURAL CONTROL FLY TRAP

The impressively effective Natural Control fly trap is specially designed for use outside, but can also be used indoors. Can be composted. Place in the sun. The trap is supplied complete with natural bait made from food protein that has a strong power of attraction for all kinds of flies. Contains no chemicals. Flies are irresistibly attracted by the trap. Once inside, the shape of the trap prevents them getting out again and they are trapped. You can choose to hang the trap or stand it on a flat surface! Ideal for use outdoors: garden, courtyard, play area, patio, kennel.

Sku. 129550	Natural Control fly trap		
Sku. 129550001	2 bait refills		

LED PREMIUM INDOOR INSECT DESTROYER

Flying insects (flies, pantry moths, mosquitoes) are attracted by the ultraviolet light and immediately killed by the high-voltage grid. Dead insects drop into the collection tray, which is easily removed for emptying and cleaning. The ultraviolet light is safe for humans and pets. Compared to a fluorescent lamp, a LED uses half the power (watts) to generate the same light output (lumens) and has a much longer lifespan. The high-voltage electric grid is a new design that greatly increases the capture rate. It meets all CE safety requirements.

Sku. 129508	Mini 3W LED 15 m ²		
Sku. 129508010	10W LED 40 m ²		

INSECT CATCHER

The insect catcher attracts and exterminates flying insects with extraordinary efficiency (flies, mosquitoes). They are sucked into a container by a powerful fan. Covers an area of 80 m². Contains no chemicals or poisons. Generates no fumes or odours and causes no pollution. The product is compact with a modern look, and is suitable for use in any room in the home. It is also the ideal solution for industrial and commercial premises.

Horseflies

INSECT FREE HORSEFLY SPRAY

Contains Icaridin (20,60 %), which is officially approved for use against horseflies. Protects horses against horseflies, mosquitoes and flies for 24 hours in high temperatures when horses sweat. Protects both horse and rider. Pleasant smell, does not stain, non-sticky. Spray the product onto the horse all over and covering as much as possible, from a distance of 15 to 20 cm. However, avoid applying directly to mucous membranes and wounds. Apply to the rider on the uncovered parts of the body (hands, arms, legs). Avoid the eyes. Contents: 500 ml.

XTRA LED INSECT KILLER

This insect exterminator uses treated UV-A light to attract mosquitoes and flies. Its high-performance anti-leak system leaves insects no chance. They cannot escape from this exterminator. It has a powerful silent fan. No electric grid. Its LED tube light is very powerful and makes it very attractive to insects. The ABS plastic used is fire-resistant for maximum safety. Its collector base is removable for easy cleaning. Operates at low voltage and is therefore safe and reliable for its users. Non-toxic, spray-free and environmentally friendly. It is suitable for both domestic use (bedrooms, living room, etc.) and outdoor use. Its IPX4 rating means that it is suitable for all weather conditions and resists high temperatures. Splash-resistant, but must not be immersed in water. This exterminator can also be used as decorative objects thanks to its neat, refined design.

"INSECT O KILL" INSECTS KILLER

The ultraviolet light emitted lures insects into the device's active zone. A high-voltage current flows through the grid in front of the fluorescent tubes. On contact with the grid, the insects are killed instantly and hygienically. The collection tray is easily removed and emptied. With hanging system. 220-240V/50-60Hz. Particularly suitable for agriculture, hotels, restaurants, shops (butchers', bakers', supermarkets), office spaces, as well as all food processing plants and the private sector.

USP: Designed for indoor use.

INSECTS KILLER 360°

The new generation of insect killers. This insect killer uses ultraviolet light, which attracts flying insects to the active area of the device. The UV tubes are protected by a plastic film that makes the glass more resistant. It keeps the glass in place if the tube is broken. There is an electrified grid in front of the light tubes. When an insect comes into contact with this grid, it is immediately and hygienically killed. It drops into the collection tray. **The insect killer is class IPX4**. It is therefore splash-proof and rain-proof. A real plus to protect you from insects! **360° opening for a better insect attraction zone.** This means insects are attracted across a wider area. This insect killer's 360° attraction power is a real bonus! The device is environmentally friendly as it uses no toxic products. For indoor or outdoor use. For use in the home, restaurants, farms, stables or even on a large patio. Comes with a hanging system. 3 models are available; 16 W, 30 W and 40 W, with a respective coverage of 100 m², 120 m² and 140 m².

USP : 360° opening-Outdoor use.

NEW

FLY BUCKETS

Reduces fly nuisance on the farm and around the house with up to 90%
 • traps many flies before emptying is necessary • easy to clean The Fly Buckets 12 L is an ideal product to trap stable flies and house flies. This is how it works: Empty the bag with 240 grams of insect attractant (bag is included). We advise wearing gloves for this. Add 6 litres of water, and let the insect attractant mix well. Close of the bucket with the lid. When the day turns into night and flies search for a sleeping place, they are drawn to the buckets by the attractant and will enter through one of the six special cones. Once inside the bucket, the insect is not able to get back out. The product is active for 30 to 60 days. When it is no longer working or if the bucket is full of flies, it is possible to scoop out the content and start again. The product has a volume of 12 litres and is easy to clean and re-use when it has filled up with flies.
